

# PLAY Project Certification Learning Objectives

**During certification training, participants learn how to master the 7 Circles of the PLAY Project in order to develop the skills needed to:**

**Effectively coach parents and caretakers to playfully engage with their child with autism or other developmental delays.**

**Confidently implement PLAY methods and techniques in a home or clinic setting.**

**Document the child's developmental progress.**

**In addition, participants will gain knowledge in the following areas:**

- 1. An overview of autism spectrum disorders**
- 2. Sensory processing issues in young children**
- 3. How to assess a child's developmental profile**
- 4. How to create a PLAY Plan that is tailored to address a child's social and emotional development**
- 5. Advanced topics such as managing family issues and becoming a parent advocate**

**After completing Certification Training, the professional is Officially a "Certified PLAY Project Consultant in Training."**
