

# The P.L.A.Y. Project Agency Training

## Learning Objectives and CEU Information

### Learning Objectives

- Demonstrate a thorough understanding of The P.L.A.Y. Project Model including the principles, methods, and techniques
- Describe how The P.L.A.Y. Project systematizes a developmental approach to autism intervention
- Describe each of Greenspan's 6 Functional Developmental Levels (FDLs) in detail
- Demonstrate the ability to analyze video case studies using The P.L.A.Y. Project's Skill Sequence with minimal guidance
- Identify basic behaviors and symptoms of children with sensory processing issues
- Identify solutions to issues regarding family dynamics, professional boundaries, child's diagnosis, and other therapies
- Utilize assessment tools recommended to determine child's profile (FEAS, MBRS, Greenspan SEGC, REEL, etc.) and learn how to score each tool
- Explain the role of The P.L.A.Y. Project Home Consultant and determine means of implementing The P.L.A.Y. Project model through various agencies or organizations
- Engage in interactive discussion with other professional and parents who are actively implementing or receiving P.L.A.Y. Project services
- Determine all documents, tools, and resources required to launch a P.L.A.Y. Project Home Consultation Program
- Demonstrate an understanding of the Supervision and Certification process, including the web-based platform
