THE PLAY PROJECT

Leaving a PLAYful Footprint in the States & Beyond

China Intensive Workshops and Certification Trainings

The PLAY Project has continued to have an international impact. Richard Solomon, MD traveled to China once again to present The PLAY Project Intensive Workshop in March. Hundreds of professionals in China learned The PLAY Project methods and techniques during the two and a half week trip, which will in turn positively impact hundreds of children with autism in China.

The PLAY Project Two-Day Intensive Workshop | Texas

Approximately 50 individuals traveled from across the country to attend The PLAY Project's Two-Day Intensive Workshop in the Dallas/Fort Worth area this April!

Empowering Professionals Conference

The Empowering Professionals Conference was hosted by the Early Intervention Training Program (EITP), College of Education/Education at Illinois, Easter Seals Disability Services, and the Illinois Developmental Therapy Association. Richard Solomon, MD, spoke on Autism: From Diagnosis Through Grief to Hope. You can check out PLAY's webinar of the same topic - offered as a part of our webinar bundle promo - [here](#).

Autism Alliance of Michigan: Navigating Autism Today Conference

The PLAY Project was recently represented by Onna Solomon, LMSW at the Autism Alliance Conference. Attendees were introduced to The PLAY Project research, model, and case studies.

Annual Minnesota Autism (AuSM) Conference

Richard Solomon, MD will present evidence and research for parent-implemented models at the 24th Annual Minnesota Autism Conference at the end of April. The Annual Minnesota Autism Conference will bring together expert speakers, educators, professionals, caregivers, and individuals with autism with the goal of enhancing the lives of those on the autism spectrum.

Soon we will be able to leave an even greater footprint with our online Intensive Workshop - coming this fall!

- Ricki G Robinson MD MPH, author

Autism: THE POTENTIAL WITHIN

The PLAY Project Approach to
Helping Young Children with Autism

Autism: The Potential Within describes the journey of Jacob Grant - a composite of all young children with autism - and his family as they learn The PLAY Project approach.

Based on scientific research and decades of practice, this guide provides parents and professionals with a new way of working and interacting with young children with autism.
