

Testimonials

"The best play-based parent training program in the country for young children with autism. Evidence based, compassionate and beneficial for parents and participants."

**- Stuart Brown MD,
National Institute For Play**

"Thank you for creating The PLAY Project. It is by far the best training/learning decision I have made to date in my 20 years of being an early intervention provider with a caseload that is primarily kiddos with autism spectrum disorder. I love it! Parents love it!"

- Julie B., EI Provider

"We implemented Teaching PLAY district wide in 8 schools in Preble County and it made a profound difference in the way our school staff dealt with children on the spectrum. The transformation in the children was remarkable."

**- Preble County School
Superintendent**

PLAY Project® Certification

Certification fully prepares professionals to deliver our evidence-based, intensive early intervention to families of young children with autism.

Coaching Parents

The PLAY Project coaches parents to become their child's best play partner in order to help the child make progress in their functional development!

The PLAY (Play and Language for Autistic Youngsters) Project® is a cost-effective, parent implemented, early intervention program for young children with autism that has been proven to work!

Our research is published in the *Journal of Developmental and Behavioral Pediatrics*:

PLAY Project Home Consultation Intervention Program for Young Children with autism spectrum disorders: A Randomized Controlled Trial. *J Dev Beh Pediatr*. 2014; 35(8): 475-485.

Consultant Certification

PLAY Project and Teaching PLAY Certification Trainings fully prepare professionals to deliver our evidence-based, intensive early intervention to families of young children with autism.

Our manualized, practical approach to parent-implemented intervention has helped hundreds of professionals provide needed services to parents and children. PLAY Certification is designed for professionals who work with families in home, clinic or school settings.

Who Can Be Certified?

PLAY Project Consultants are typically child development professionals in organizations who serve children on the autism spectrum or children who have other communicative disorders.

Teaching PLAY Consultants provide direct guidance and supervision for pre-school or kindergarten teachers. We teach teachers to help children with ASD in the school setting.

"A best moment for me was when a mom told me, after I coached her, that it was the most she has ever felt connected to her son."
- PLAY Project Consultant

Certification Benefits

- Listing on www.playproject.org as a PLAY Project provider
- Covered by an increasing number of insurance companies
- Evidence-based practice that can be used in a variety of clinical settings
- Manualized training with high fidelity
- Free access to webinars, online courses, and training materials
