

PLAY Project Supervision Case Submission Guidelines

Our guidelines are designed to encourage continuous engagement and professional development among PPCs in training. By offering case submission suggestions, the PLAY Project ensures that all PPCs have the opportunity to deliver services with the highest level of competence and adherence to the PLAY Project's evidence-based model within a timely fashion.

These submission guidelines reflect the expectations outlined in the chart below, ensuring timely progression through the case submission process.

Suggested PLAY Supervision Case Submission Guidelines:

Months after completing Implementation Course	Number of Cases Submitted for Supervision
3 months	1-2 case submissions
6 months	4-6 case submissions
12 months	10-12 case submissions
18 months (Supervision Deadline)	15 cases submissions

Please reach out to our Training Director at Training@playproject.org with any questions you may have during your supervision process. If you have not submitted the required number of case studies submissions by the supervision deadline additional fees may occur. Please see our PPC in Training Policy for more information.
